Ground floor medical office for rent with two windows

We offer for rent a ground-floor medical office in a convenient and highly visible location.

The property comprises a waiting room, an office, and a bathroom, offering a simple and functional layout for healthcare, professional, or consulting activities.

The presence of two windows ensures brightness and visibility, making the place easily recognizable even from the outside.

The location is particularly suited to medical practice: the office is located near other medical practices and in the immediate vicinity of a pharmacy, which contributes to an environment already geared towards personal and health services.

An ideal solution for doctors, specialists, healthcare professionals, or similar businesses looking for a ready-made, practical, and well-located space.
